TEMPLE NEWS:

The Seattle Washington Temple continues to expand its endowment ordinance times, with early morning sessions now available at 6:00am. every Tuesday and Wednesday, and 7:00am every Thursday and Friday. Sign up online and come on over. Wednesday evenings are now fully available with newly added sessions at 5:00pm and 6:00pm. Baptistry, Sealings, and Initiatory ordinances are available for booking throughout the day.

Did you know that the temple offers an audio translation of the endowment ceremony in 111 different languages? We probably have yours! Additionally, our temple has dedicated endowment sessions in the following languages: English, Spanish, Samoan, Tongan, Chinese, Japanese, Korean, Cambodian, French, German, Portuguese, Russian, Ukrainian and American Sign Language. You'll find the complete schedule for the Seattle Temple on-line at ***churchofjesuschrist.org.***

Serving patrons in the temple is one of the most rewarding experiences members can enjoy. Are you aware that unlike most callings in the church, you don't have to wait to be asked if you'd like to serve in the temple? Chat with your bishop about serving as ordinance worker and he can start the process for you. We have immediate weekly openings for almost every shift. We can fit your schedule. Memorization is no longer a requirement! Please join us in serving in the House of the Lord.

Evening Endowment sessions are offered Tuesday through Saturday, at 2:45, 5:00, 6:00, 6:30 and 7:00pm, as well as early morning sessions; at 6:00am on Tuesday, Wednesday and Saturday. The newly added Sealing sessions include Tuesday, Wednesday, and Saturday at 6:00am and Thursday and Friday at 7:00am . Baptistry sessions begin at 6:00am on Tuesday, Wednesday, and Saturday. For all temple ordinances, appointments are recommended and those without appointments are certainly welcome.

Brethren and sisters, I know that this welfare program is inspired of God… Thanks be to God for a prophet, for this inspired program, and for Saints who so managed their stewardship that they could provide for their own and still share with others.

STAKE EMERGENCY PREPAREDNESS

We have been asked to help get the Stake more prepared by encouraging members to have 72-hour kits. With that goal in mind, I will be sending you a monthly message to share with your wards.

Included are links for YouTube videos. I am careful to include the name of the video and the channel, so members can easily search for the videos.

Thanks for sharing this message *(and future messages)* with your ward. The Stake Emergency Preparedness Committee would like to help YOU get more prepared by encouraging you to have a 72-hour kit.

If you have not prepared 72-hour kits for your family, it's likely that you don't see the need. It's hard for us in the Pacific Northwest to imagine a scenario that would require us to leave our homes and go out into the wilderness. It would be a good idea to go out into the wilderness, because many 72-hour kits appear to be preparing for serious camping.

Today I'd like to invite you to think about 72-hour kits in a different way.

A few years ago, A Sister in the stake and her daughter went to the beach. They came home on some backroads and their car broke down in the middle of nowhere. It was dark, getting cold and they were having difficulty getting cell service. To make things worse, their phone batteries were both low, we were hungry and we really didn't know where we were to have someone come and rescue us. Even though her daughter was an adult, the Sister had some “mom-guilt” about being so unprepared.

Fortunately, we were able *(with some heavenly assistance no doubt)* to get some assistance and we didn't spend the night cold and hungry in the car.

She now keeps a 72-hour kit in her trunk, containing a flashlight, warm clothing, hand warmers, food and water. It also has paper maps and a solar battery charger.

Do not think of your 72-hour kit as something just for "bugging out," but as an emergency kit filled with things you may need in a variety of scenarios.

If you don't have an "emergency kit / 72-hour. kit" yet, I encourage you to start this month. Start simple, begin with some kind of container *(most people use backpacks...if your budget is tight thrift stores always have backpacks)*, some warm clothing and a flashlight. It’s true that your cell phone has a flashlight, but if your battery is dying and you need that phone to call for help!

WardBulletinPT@gmail.com

If you need more encouragement, here's some counsel from Elder Bednar.

> *Some Church members have opinions that emergency plans and supplies, food storage, and 72-hour kits must not be important anymore because the Brethren have not spoken recently and extensively about these and related topics in general conference. However, repeated admonitions to prepare have been proclaimed by leaders of the Church for decades. The consistency of prophetic counsel over time creates a powerful concert of clarity and a warning volume far louder than solo performances can ever produce.*
